Soft-Wiring Solutions

- Modular wiring, softwiring or 'plug & play wiring' enables the easy use and re-use of electrical wiring components when installing or re-configuring commercial office workstations without the waste associated with hard wiring.

Benefits include:

- Safe & tidy solution for cable management
- Cost effective in comparison with the conventional hardwired solution
- Simple design to allow for adding or subtracting components as required
- Adaptable to suit all power and data requirements
- Easy to install or relocate when required
- Environmentally friendly - all product recyclable
